Pen-y-Lan Pork is a family run business from just over three miles away and has been established for 15 years. (it is 3.3m have measured on google maps) When Pen-y-Lan Pork began its existence, the aim of the business was to produce a sausage without any of the unsavoury parts which are often associated with sausages. Pen-Y-Llan pork sausages have a high meat content of between 88 and 92%! At the forefront of the business was to ensure that animal welfare took precedent and therefore Mike (Owner) started his own small-scale breeding programme using only Saddlebacks and Gloucester Old Spots. All pigs are outdoor reared and allowed to do what pigs do!
